PROFESSIONAL EXPERIENCE

Full-Stack Developer / Project Manager / Sr. PHP Developer

IIBTech | Gujrat, Pakistan May 2019 – May 2023

- Led development of high-impact Android, iOS, and web applications enhancing user engagement through intuitive design and scalable architecture.

- ▶ Spearheaded backend systems using PHP, Node.js, and CodeIgniter achieving optimized performance.
- ▶ Pioneered hybrid mobile app development with Ionic + Angular (Capacitor/Cordova) for cross-platform delivery.
- ▶ Transformed Figma and PSD designs into pixel-perfect, responsive HTML5/CSS3 interfaces.
- ▶ Managed cloud deployments via AWS and DigitalOcean; mentored junior developers.
- ▶ Collaborated on UI/UX designs using Adobe XD, Figma, and Photoshop.

Operations Manager & Technical Developer

Hungrydodo | Port Louis, Mauritius *Jun 2022 – Present*

- ▶ Directed projects spanning mobile app development, web development, and SEO ensuring operational excellence.
- ▶ Developed features using React and Ionic Framework; maintained system reliability and performance.
- ▶ Provided technical support, production issue resolution, and customer satisfaction management.

Digital Marketing Expert & Web Developer

AdminTous | Gujrat, Pakistan *Jun 2022 – Present*

- ▶ Delivered tailored digital marketing strategies, driving measurable traffic and visibility growth for clients.
- ▶ Designed and developed custom WordPress and WooCommerce platforms with PHP and Laravel enhancements.

Mobile Application Developer

CareTek | United States (Remote) *Aug 2023 – Oct 2023*

- ▶ Migrated legacy PHP CRM system to modern architecture with improved performance and security.
- ▶ Delivered mobile-first applications with enhanced UX and technical reliability.

AI & Automation Developer (Self-Directed SaaS Projects)

Independent | Pakistan (Remote) *2023 – Present*

- ▶ Built a Wholesale Supplier Finder SaaS using NestJS + Playwright + Serper.dev + MongoDB + BullMQ with SSE real-time job streaming.
- ▶ Developed AI Voice Calling automation for a US roofing client (Everlast General Contracting) using Bland.ai / Retell AI integrated with GoHighLevel CRM.
- ▶ Created an intelligent market research scraper for Amazon/eBay with anti-bot strategies (ScrapingBee), Bull/Redis job queues, and Angular dashboard.
- ▶ Built RSS aggregator system with Node.js/TypeScript, Prisma, MySQL, and Claude AI / OpenAI content processing with React frontend.
- ▶ Integrated Claude AI (Anthropic) into multiple SaaS workflows for automated content generation, summarization, and intelligent decision-making.

Freelance Full-Stack Developer (Top Rated)

Fiverr & Upwork | Global (Remote) *Jan 2018 – Present*

- ▶ Level #1 Top-Rated profile delivering full-stack web, mobile, CRM, and automation solutions to global clients.
- ▶ Specialized in Angular, Ionic, React, NestJS, PHP ecosystems with rapid delivery and high satisfaction rates.
